## **GO GREEN INITIATIVE**

Tamarijn Aruba All Inclusive's 'go green' mission is to promote environmental awareness throughout its properties and with employees in an effort to make a positive impact on the Earth. The resort takes pride in being among the most eco-friendly and community-friendly resorts in the hospitality industry and strive to continuously provide the ultimate Caribbean vacation experience through quality service and facilities.

The resort's commitment is to continuously improve on hotel practices, which promote responsibility towards the environment and community. Therefore, it has adopted the following initiatives:

- Implemented a no straw initiative in 2017 which has eliminated the use of plastic straws and other paper goods on each property
- Added water stations throughout the property for guests
- Added efficient equipment and fixtures throughout the properties to reduce energy consumption including led lighting, solar powered shuttles and energy saving air conditioning systems
- Minimize water usage and waste while maximizing reuse
- Protect the habitat of endangered Loggerhead, Leatherback and Green turtles that nest on our beach
- Participate in Aruba's beach conservation project with employees
- Reduce pollution generated by our activities through clean energy measures, which include high efficiency kitchen equipment, eliminating all single use plastic disposals and reuse of grey water for landscaping
